# PREFACE

To Students and Parents:

Welcome to school year 2009–2010! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The Abernathy High School Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into two sections:

**Section I**—REQUIRED NOTICES AND INFORMATION FOR PARENTS—with notices that the district must provide to all parents, as well as other information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook; and

**Section II**—INFORMATION FOR STUDENTS AND PARENTS —organized alphabetically by topic for quick access when searching for information on a specific issue.

Please be aware that the term “the student’s parent” is used to refer to the parent, legal guardian, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the Abernathy High School *Student Code of Conduct*, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found as an attachment to this handbook.

The student handbook is designed to be in harmony with board policy and the *Student Code of Conduct*. Please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy or other rules that affect student handbook provisions will be made available to students and parents through newsletters and other communications.

In case of conflict between board policy or the *Student Code of Conduct* and any provisions of the student handbook, the provisions of board policy or the *Student Code of Conduct* that were most recently adopted by the board are to be followed.

After reading through the entire handbook with your child, keep it as a reference during this school year. If you or your child has questions about any of the material in this handbook, please contact the principal.

Also, please complete and return to your child’s campus the following required forms provided in the forms packet accompanying this handbook:

1. Parental Acknowledgment Form;
2. Student Directory Information Form;
3. Release of Information to Military Recruiters and Institutions of Higher Learning Forms; and
4. Consent/Opt-Out Forms.

Please note that references to policy codes are included so that parents can refer to current board policy. A copy of the district's policy manual is available for review in the school office or online at [www.abernathyisd.com](http://www.abernathyisd.com).

## **SECTION I: REQUIRED NOTICES AND INFORMATION FOR PARENTS**

This section of the Abernathy High School Student Handbook includes several notices that the district is required to provide to you, as well as other information on topics of particular interest to you as a parent.

### ***STATEMENT OF NONDISCRIMINATION***

In its efforts to promote nondiscrimination, Abernathy I.S.D. does not discriminate on the basis of race, religion, color, national origin, gender, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

The following district staff members have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex: Herb Youngblood, Superintendent.
- Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Herb Youngblood, Superintendent.
- All other concerns regarding discrimination: See the superintendent Herb Youngblood.

### ***PARENTAL INVOLVEMENT***

#### **Working Together**

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements of the graduation programs with your child, if your child is entering ninth grade.
- Monitoring your child's academic progress and contacting teachers as needed.

- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office at 298-2563 for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school.
- Becoming a school volunteer. [For further information, see policies at GKG and contact the high school office].
- Participating in campus parent organizations.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. For further information, see policies at BQA and BQB, and contact the Superintendent's office.
- Serving on the School Health Advisory Council, assisting the district in ensuring local community values are reflected in health education instruction. [See policies at BDF, EHAA, FFA]
- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

## ***PARENTAL RIGHTS***

### **Obtaining Information and Protecting Student Rights**

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student's parent.
- Mental or psychological problems of the student or the student's family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF(LEGAL).]

## **“Opting Out” of Surveys and Activities**

As a parent, you have a right to receive notice of and deny permission for your child’s participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing or selling that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

## **Limiting the Display of a Student’s Artwork and Projects**

As a parent, if you do not want your child’s artwork, special projects, photographs, and the like to be displayed on the district’s Web site, in printed material, by video, or by any other method of mass communication, you must notify the principal in writing.

## **Requesting Professional Qualifications of Teachers and Staff**

You may request information regarding the professional qualifications of your child’s teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

## **Reviewing Instructional Materials**

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

## **Inspecting Surveys**

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

## **Accessing Student Records**

You may review your child’s student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,

- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and counselor evaluations,
- Reports of behavioral patterns, and
- State assessment instruments that have been administered to your child.

### **Granting Permission to Video or Audio Record a Student**

As a parent, you may grant or deny any written request from the district to make a video or voice recording of your child. State law, however, permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a cocurricular or extracurricular activity;  
or
- When it relates to media coverage of the school.

### **Removing a Student Temporarily from the Classroom**

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.

### **Removing a Student from Human Sexuality Instruction**

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus or acquired immune deficiency syndrome must:

- Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than other behavior;
- Emphasize the abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;

- Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexual transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of this instruction with no academic, disciplinary, or other penalties. You may also choose to become more involved with the development of the curriculum used for this purpose by becoming a member of the district's SHAC. Please see the campus principal for additional information.

### **Excusing a Student from Reciting the Pledges to the U.S. and Texas Flags**

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows. [See policy EC(LEGAL).]

### **Excusing a Student from Reciting a Portion of the Declaration of Independence**

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity. [See policy EHBK(LEGAL).]

### **Requesting Notices of Certain Student Misconduct**

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to your child's misconduct that may involve placement in a Disciplinary Alternative Education Program (DAEP) or expulsion. [See policy FO(LEGAL) and the *Student Code of Conduct*.]

### **Requesting Transfers for Your Child**

As a parent, you have a right:

- To request the transfer of your child to another classroom or campus if your child has been determined by the campus principal to have been a victim of bullying as the term is defined by Education Code 25.0341. Transportation is not provided for a transfer to another campus. See the campus principal for information. [See policy FDB.]

- To request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See the district's (LOCAL) policy on School Safety Transfers.]
- To request the transfer of your child to a neighboring district if your child has been the victim of a sexual assault by another student assigned to the same campus, whether that assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. [See the district's (LEGAL) SMF (LOCAL) policies on School Safety Transfers.]

## **OTHER IMPORTANT INFORMATION FOR PARENTS**

### **Parents of Students with Disabilities**

Parents of students with learning difficulties or who may need special education services may request an evaluation for special education at any time. For more information contact Gary Pugh at 298-2563.

### **Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education**

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other support services that are available to all students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If evaluation is needed, the parent will be notified and asked to provide consent for the evaluation. The district must complete the evaluation and the report within 60 calendar days of the date the district receives the written consent. The district must give a copy of the report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parent of his or her rights if the parent disagrees with the district. Additionally, the notice must inform the parent how to obtain a copy of the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*.

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education is Gary Pugh at 298-2563.

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. [See policy FDB(LOCAL).]

## **Accommodations for Children of Military Families**

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent related to leave or deployment activities may be excused by the district.

## **Services for Title I Participants**

The Parent Involvement Coordinator, who works with parents of students participating in Title I programs may be contacted at 298-2563.

## **Student Records**

Both federal and state law safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights. For purposes of student records, an “eligible” student is one who is 18 or older OR who is attending an institution of postsecondary education.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights. Federal law requires that, as soon as a student becomes 18 or is emancipated by a court, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.
- District school officials who have what federal law refers to as a “legitimate educational interest” in a student’s records. School officials would include trustees and employees, such as the superintendent, administrators, and principals; teachers, counselors, diagnosticians, and support staff; a person or company with whom the district has contracted or allowed to provide a particular service or function (such as an attorney, consultant, auditor, medical consultant, therapist, or volunteer); a parent or student serving on a local committee; or a parent or student assisting a school official in the performance of his or her duties. “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility; or investigating or evaluating programs.

- Various governmental agencies.
- Individuals granted access in response to a subpoena or court order.
- A school or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she subsequently enrolls.

Release to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The principal is the custodian of all records for students who have withdrawn or graduated.

Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free and reduced price meal, the district will either provide a copy of the records request or make other arrangements for the parent or student to review these records. The address of the superintendent's office is 505 7<sup>th</sup> St.

The address(es) of the principals' offices are:

505 7<sup>th</sup> Street

A parent (or eligible student) may inspect the student's records and request a correction if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the principal. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although the improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading policy. [see FINALITY OF GRADES at FNG(LEGAL), Report Cards/Progress Reports and Conferences, and Student or Parent Complaints and Concerns for an overview of the process.]

The district's policy regarding student records found at FL(LEGAL) and (LOCAL) is available from the principal's or superintendent's office [or on the district's web site].

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records – such as a

teacher's personal notes about a student that are shared with only with a substitute teacher – do not have to be made available to the parents or student.

Please note:

Parents or eligible student have the right to file a complaint with the U.S. Department of Education if they believe the district is not in compliance with federal law regarding student records. The complaint may be mailed to:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5901

### **Directory Information**

The law permits the district to designate certain personal information about students as “directory information.” This “directory information” will be released to anyone who follows procedures for requesting it.

However, release of a student's directory information may be prevented by the parent or an eligible student. This objection must be made in writing to the principal within ten school days of your child's first day of instruction for this school year . [See the “Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information” included in the forms packet.

### **Release of Student Information to Military Recruiters and Institutions of Higher Education**

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students' names, addresses, and telephone listings, unless parents have advised the district not to release their child's information without prior written consent. A form has been attached for you to complete if you do not want the district to provide this information to military recruiters or institutions of higher education.

### **Bacterial Meningitis**

State law specifically requires the district to provide the following information:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing, sharing drinking containers, utensils, or cigarettes).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include when there is a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85–90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable

diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us/>.

## **SECTION II: INFORMATION FOR STUDENTS AND PARENTS**

Topics in this section of the handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is conveniently organized in alphabetical order to serve as a quick-reference when you or your child have a question about a specific school-related issue. Should you be unable to find the information on a particular topic, please contact Gary Pugh at 298-2563.

### ***ABSENCES/ATTENDANCE***

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws, one dealing with compulsory attendance, the other with attendance for course credit, are of special interest to students and parents. They are discussed below:

#### ***Compulsory Attendance***

State law requires that a student between the ages of six and 18 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student who voluntarily attends or enrolls after his or her 18<sup>th</sup> birthday is required to attend each school day. If a student 18 or older has more than five unexcused absences in a semester, however, the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing.

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction (termed “accelerated instruction” by the state) or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:

- Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or
- Is absent on three or more days or parts of days within a four-week period.

#### ***Exemptions to Compulsory Attendance***

State law allows exemptions to the compulsory attendance requirements for several types of absences. These include the following activities and events:

- Religious holy days
- Required court appearances
- Activities related to obtaining United States citizenship
- Service as an election clerk
- Documented health-care appointments, including absences for recognized services for students diagnosed with autism spectrum disorders.

In addition, a junior or senior student's absence of up to two days related to visiting a college or university may be considered an exemption, provided the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

### ***Attendance for Credit***

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends fewer than 90 percent of the days the class is offered will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit, if appropriate.

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- All absences will be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for religious holy days and documented health-care appointments will be considered days of attendance for this purpose. [See policies at FEB.]
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district. For a student transferring into the district after school begins, including a migrant student, only those absences after enrollment will be considered.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit.

The student or parent may appeal the committee's decision to the board of trustees by filing a written request with the superintendent in accordance with policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit will depend on whether the class is for a full semester or for a full year.

## ***ATTENDANCE PROCEDURE***

The high school principal's office must be notified on the day of the student's absence by the parent either in person or by telephone. If a student is absent and his/her parent/guardian has called and the absence is excused, the student does not need to come to the office.

If the student is absent, and the parent has not called or the absence is unexcused, the student's name will be on the DAILY ATTENDANCE SUMMARY that will be out in the teachers boxes each afternoon. Only those students will need to come to the office before the school day begins on the day they return.

Classification of absences: The principal shall have the sole authority for classification of absences.

- A. Excused: No grade will be entered in the gradebook for any such absence until the work is made up, unless the make-up work is done in advance. A grade of zero will be entered if the work is not completed.

Certain absences are considered excused absences: personal illness, death in the immediate family, weather or road conditions that make travel dangerous, professional appointments (students are expected to schedule these appointments so they do not interfere with classes) and any other unusual circumstances acceptable to the principal or superintendent.

A student who is temporarily absent due to an appointment with a health care professional may be considered in attendance if the student commences or returns to school on the same day of the appointment and furnishes a note from the health care professional.

Students excused for authorized school trips will be allowed to make up work. The names of students allowed to attend authorized trips will be placed in teacher's mailboxes at least one day prior to departure. Students who attend a function without authorization will be given an unexcused absence.

- B. Unexcused: Any absence which cannot be classified an excused absence will be considered an unexcused absence.
- C. Not justifiable but with parent's permission: A student will be allowed two such absences per semester for which he/she will be allowed to make-up the work. The absences must receive advance approval from the principal. Any other unexcused absence will receive the same grade penalty for make-up work as for a

truancy. If a student has any truanancies at the time of the request, approval will not be given for the absence.

- D. Truancy: If both the school and the parent do not know the whereabouts of a student they are considered truant. Truanancies carry a penalty of 30 points for the work missed.

### **Driver License Attendance Verification**

For a student between the ages of 16 and 18 to obtain a driver license, the Texas Department of Public Safety must be provided written parental consent to access the student's records for purposes of verifying 90 percent attendance for credit for the semester.

### **ACADEMIC PROGRAMS**

The school counselor provides students and parents information regarding academic programs to prepare for higher education and career choices. [For information, see policies at EIF.]

### **BULLYING**

Bullying occurs when a student or group of students directs written or verbal expressions or physical conduct against another student and behavior results in harm to the student or the student's property, places a student in fear of harm to himself or his property, or is so severe, persistent, or pervasive that it creates an intimidating, threatening or abusive educational environment.

The board has established policies and procedures to prohibit bullying and to respond to reports of bullying. [See FFI(LOCAL).]

### **CAFETERIA SERVICES**

The district participates in the National School Lunch Program and offers nutritionally balanced meals daily to students. Free and reduced meals are available based on financial need. Information on the program can be obtained from the principal's office.

### **CAREER AND TECHNOLOGY PROGRAMS**

The district offers career and technology programs in Family and Consumer Science, Agriculture, and Business. Admission to these programs is based on prerequisites outlined in the course description information.

Abernathy I.S.D. will take steps to ensure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

## ***CHILD SEXUAL ABUSE***

The district has established a plan for addressing child sexual abuse, which may be accessed in the counselor's office. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make reasonable effort to prevent sexual conduct with a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse, the campus counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (TDFPS) also manages early intervention counseling programs. To find out what services may be available in your county, see

<http://www.dfps.state.tx.us/Prevention and Early Intervention/Programs Available in Your County/default.asp>

The following Web sites might help you become more aware of child sexual abuse:

<http://www.tea.state.tx.us/index.aspx?id=2820>

<http://www.sapn.nonprofitoffice.com/>

<http://www.taasa.org/member/materials2.php>

<http://www.oag.state.tx.us/AGPublications/txts/childabuse1.shtml>

<http://www.oag.state.tx.us/AGPublications/txts/childabuse2.shtml>

Reports may be made to:

The Child Protective Services (CPS) division of the Texas Department of Family and Protective Services (1-800-252-5400 or on the Web at <http://www.txabusehotline.org>).

## **CLASS RANK / TOP TEN PERCENT / HIGHEST RANKING STUDENT/ HONOR ROLL**

Grade Point System: All Courses will be leveled as either 1, 2, or 3 for the purpose of awarding grade point. The following weight will be assigned:

Grade Point Level	1	2	3
100	6.0	5.0	4.0
99	5.9	4.9	3.9
98	5.8	4.8	3.8
87	4.7	3.7	2.7
70	3.0	2.0	1.0
69	0.0	0.0	0.0

### Grade Point Weight of Courses

1	2	3	
AP/Pre AP Classes	Accounting	Family and Consumer Science	ESL
Calculus	Adv. Journalism	Foreign Language I & II	Reading Improvement
Computer Science	Ag. Courses	Geometry	Resource Courses
Dual Credit Classes	Algebra I & II	Health Education	
Foreign Language III and above	Art Courses	I.P.C.	
Physics	Band	Ind. Study of Math	
Pre-Calculus	BCIS I & II	P.E. Courses	
	Biology	Photojournalism	
	Business Courses	Theater Arts I & II	
	Chemistry	U.S. Government	
	Communication	U.S. History	
	Desktop Pub.	Web Mastering	
	Drivers Ed.	World Geography	
	Economics	World History	
	English I-V		

Top 10%: All students whose grade point averages make up the top ten percent of the graduating class qualify for the automatic admission under Education Code 51.803 shall be recognized. The GPA shall be reported on the student's transcript and made available in accordance with the application deadline for the college or university when requested by the student.

For two school years following their graduation, district graduates who rank in the top ten percent of their graduating class are eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program; or

- Satisfies the ACT College Readiness Benchmarks or earns at least 1500 out of 2400 on the SAT.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the university's enrollment capacity for incoming freshmen.

Students and parents should contact the counselor for further information about automatic admissions, the application process and deadlines.

Academic Recognition:

1. Honor Roll – The honor roll shall be compiled at the end of each six weeks and will consist of all students who have a grade point average of at least 4.25 and have no grade lower than a 70.
2. Honor graduates will be those graduating seniors maintaining a grade point average of 4.25 or higher.

Class Rank: A student's class ranking will be determined within the graduation class of the school year in which the student completes all requirements for a diploma, regardless of the number of years the student is enrolled in high school. For ranking purposes, a school year begins on the first day of school and ends the last day of summer school. An early graduate is not eligible for valedictorian or salutatorian, but is included in the top 10% of their graduating class.

## **COLLEGE CREDIT COURSES**

Abernathy High School may enter into an agreement with a public junior college or public university to offer a course in which a student may enroll and receive both course credit toward high school graduation requirements and course credit as a college student.

## **COLLEGE VISITATION**

College representatives may request a day for visiting students who have previously expressed an interest in their college/university. Additional students will be given the opportunity to sign up for these sessions if the college/university does not already have their name. Requests must be made a minimum of two weeks in advance. Preferred visitation times are during homeroom or lunch on Thursdays.

Students will be allowed two days a year to visit a college.

## **COMPLAINTS AND CONCERNS**

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the district has adopted a standard complaint policy at FNG(LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office or on the district's Web site at [www.abernathyisd.com](http://www.abernathyisd.com).

In general, the student or parent should raise the complaint with the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

## **COMPUTER RESOURCES**

To prepare students for an increasingly technological society, the district has made an investment in computer technology for instructional purposes. Use of these computer resources is restricted to students working under a teacher's supervision and for approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these resources; violations of this agreement may result in withdrawal of privileges and other disciplinary action.

Students and their parents should be aware that e-mail using district computers is not private and will be monitored by district staff. [For additional information, see policies at CQ.]

## **CONDUCT**

### **Applicability of School Rules**

As required by law, the board has adopted a *Student Code of Conduct* that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the *Student Code of Conduct*. Students and parents should be familiar with the standards set out in the *Student Code of Conduct*, as well as campus and classroom rules.

To achieve the best possible learning environment for all students, the *Student Code of Conduct* and other campus rules will apply whenever the interest of the district is involved, whether on or off school grounds, in conjunction with classes and school-sponsored activities.

### **Corporal Punishment**

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the *Student Code of Conduct* and policy FO(LOCAL) in the district's policy manual.

Corporal punishment will be governed by the following conditions:

- The student will be told the reason for the corporal punishment
- The punishment may be administered only by the principal, assistant principal or teacher.
- The instrument to be used will be approved by the principal.

The punishment will be administered in the presence of one other district professional employee and out of the view of other students. A record will be maintained of each instance of corporal punishment.

## **Disruptions**

As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in district vehicles.

## **Radios, CD Players, Other Electronic Devices and Games, and Cell Phones**

Students are not permitted to possess such items as radios, CD players, MP3 players, iPods, video or audio recorders, DVD players, cameras, games or other electronic devices at school, unless prior permission has been obtained from the principal. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

For safety purposes, the district permits students to possess cell phones; however, cell phones must remain turned off during the instructional day, including during all testing. The use of cell phones in locker rooms or restroom areas at any time while at school or at a school-related or school-sponsored event is strictly prohibited.

Any disciplinary action will be in accordance with the *Student Code of Conduct* and may include confiscation of the device. The school may charge the owner for the release of certain telecommunications devices [See policy FNCE.] The district will not be responsible for damaged, lost or stolen telecommunication devices.

## **Inappropriate Use of Technology**

Students are prohibited from sending or posting electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation or

illegal. This prohibition applies to conduct off school property if it results in a substantial disruption to the educational environment. Any person taking, disseminating, transferring, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or photographs will be disciplined according to the Student Code of Conduct and may, in certain circumstances, be reported to law enforcement.

## **Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

## ***CONTAGIOUS DISEASES / CONDITIONS***

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his or her child has a contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

The school nurse or the principal's office can provide information from the Department of State Health Services regarding these diseases.

## ***CORRESPONDENCE COURSES***

The district permits high school students to take correspondence courses—by mail or via the Internet—for credit toward high school graduation. Students in grades 9-12 may earn no more than two credits toward high school graduation by these means.

[For further information, see policies at EEJC.]

## ***COUNSELING***

### **Academic Counseling**

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each spring, students in grades 8 through 11 will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and vocational opportunities.

To plan for the future, each student should work closely with the counselor in order to enroll in the high school courses that best prepare him or her for attendance at a college, university, or training school, or for pursuit of some other type of advanced education. The counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

### **Personal Counseling**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse.

The counselor may also make available information about community resources to address these concerns. A student who wishes to meet with the counselor should make an appointment in the counseling center.

### **Psychological Exams, Tests, or Treatment**

The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

[For more information, refer to FFE(LEGAL) and FFG(EXHIBIT).]

### ***CREDIT BY EXAM—If a Student Has Taken the Course***

A student who has previously taken a course or subject—but did not receive credit for it—may, in circumstances determined by the teacher, counselor, principal, or attendance committee, be permitted to earn credit by passing an exam on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, correspondence courses, or independent study supervised by a teacher.

The counselor or principal would determine if the student could take an exam for this purpose. Approval will be granted only if the student received a minimum grade of 60 in the course. The student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

A student may not use this exam, however, to regain eligibility to participate in extracurricular activities.

[For further information, see the counselor and policies EEJA.]

### ***CREDIT BY EXAM—If a Student Has Not Taken the Course***

A student will be permitted to take an exam to earn credit for an academic course for which the student has had no prior instruction. The dates on which exams are scheduled during the 2008–2009 school year will be set by the administration. Exams will be offered in the fall, spring and summer.

A student will earn credit with a passing score of at least 90 on the exam.

If a student plans to take an exam, the student (or parent) must register with the principal no later than 30 days prior to the scheduled testing date. The district will not honor a request by a parent to administer a test on a date other than the published dates. If the district agrees to administer a test other than the one chosen by the district, the parent must purchase a test from a university approved by the State Board of Education. [For further information, see EEJB(LOCAL).]

## ***DATING VIOLENCE, DISCRIMINATION, HARASSMENT AND RETALIATION***

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect; to avoid behaviors known to be offensive; and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law.

### **Dating Violence**

Dating violence occur when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to , physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engage in these behaviors.

### **Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that negatively affects the student.

### **Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance. A copy of the district's policy is available in the principal's office and in the superintendent's office (or on the district's web site).

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes, name-calling slurs, or rumors; physical aggression or assault; graffiti or printed material promoting

racial, ethnic or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

## **Sexual Harassment**

Sexual harassment of a student by an employee, volunteer, or another student is prohibited.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Examples of prohibited sexual harassment may include, but not limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

## **Retaliation**

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Retaliation against a student might occur when a student receives threats from another student or an employee or when an employee imposes an unjustified punishment or unwarranted grade reduction. Retaliation does not include petty slights and annoyances from other students or negative comments from a teacher that are justified by a student's poor academic performance in the classroom.

## **Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, counselor, principal, or other district employee. The report may be made by the student's parent. See policy FCC(LOCAL) for the appropriate districts officials to whom make a report.

## **Investigation of Report**

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated. The district will notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district.

In the event prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary or corrective action will be taken to address the conduct. The district may take disciplinary action even if the conduct that is the subject of the complaint was not unlawful.

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

## ***DISTANCE LEARNING***

Credit toward state graduation requirements may be granted for distance learning courses only as follows:

1. Students may earn course credit through distance learning technologies, such as satellite, Internet, two-way videoconferencing, and instructional television.
2. The distance learning courses must include the state required essential knowledge and skills for such a course.

## ***DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS***

### **School Materials**

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

All school publications are under the supervision of a teacher, sponsor, and the principal.

### **Nonschool Materials...from students**

Students must obtain prior approval from the Principal before posting, circulating, or distributing written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made in two school days.

A student may appeal a principal's decision in accordance with policy FNG(LOCAL). Any student who posts nonschool material without prior approval will be subject to disciplinary action in accordance with the *Student Code of Conduct*. Materials displayed without the principal's approval will be removed.

### **Nonschool Materials...from others**

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policies at GKDA. To be considered for distribution, any

nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the Principal for prior review. The Principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA, FNG, or GF.]

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

## ***DRESS AND GROOMING***

The district's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

Attire: It is expected that parents or guardians will send their respective students to school dressed and groomed neatly and discreetly. Due to the extreme difficulty of "drawing the line" of discreteness, it is ruled that: Tank tops, fishnet tops, shirts that show the midsection, and earrings for boys shall be considered inappropriate dress for regular classroom wear. The length for shorts, skorts, and skirts must be longer than the fingertip length as well as appropriate for the educational environment. Clothing which advertises inappropriate sayings or symbols, or is excessively torn or mutilated should not be worn. Clothing inappropriately sized will not be permitted. Students will not wear caps or hats in the school building. The principal shall be responsible for determining what constitutes inappropriate dress.

Gang related attire: Gang related attire includes but is not limited to:

- dress in any manner associated with gangs, including sagging pants
- bandannas or other headgear
- gang "colors" such as handkerchiefs
- wearing hats in any manner associated with gangs

Hair: Girls – Hair should be neat and trim. Hair shall be styled, tied or pinned so that it shall not interfere with seeing. Boys – Should be neat and trim, not to exceed the following limitations: Front – not lower than the eyebrows. Face – clean shaven except for sideburns that may extend to the lower lobe of the ear and be approximately the same width and length of the ear.

Sponsors of extracurricular activities may require contestants who represent the school in activities to have hair styled in such a manner that “caring” for it will not interfere with the activity or “penalize” the school in the activity.

### **EXEMPTION POLICY**

Students may be exempt from semester exams the 2<sup>nd</sup> semester if they have an 85 average and no more than 3 absences or an 80 average and no more than 2 absences. Students must also have not been placed in ISS or AEP and have no unexcused absences for the second semester. Only students enrolled for the entire second semester are eligible for exemption.

### **EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS**

Participation in school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Eligibility for participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. The following requirements apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than a class identified as honors or advanced by either the State Board of Education or by the local board of trustees—may not participate in extracurricular activities for at least three school weeks.
- A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse.
- A student is allowed in a school year up to 15 absences not related to post-district competition, a maximum of 5 absences for post-district competition prior to state, and a maximum of 2 absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

**Please note:** Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the *Student Code of Conduct* or by local policy will apply in addition to any consequences specified by the organization’s standards of behavior.

[For further information, see policies at FM and FO.]

## **Offices and Elections**

Clubs and organizations may elect officers in the spring or fall, at their own discretion.

### ***FEES***

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school.
- A fee not to exceed \$50 for costs of providing an educational program outside of regular school hours for a student who has lost credit because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the high school principal. [For further information, see policies at FP.]

## ***FREE PERIOD***

Free periods for second semester will be granted upon request if scheduling permits a first of last period option. Requests must be made during the regular schedule change opportunity at the beginning of the school year or at the time of enrollment.

## ***FUND-RAISING***

Student groups or classes and/or parent groups may be permitted to conduct fund-raising drives for approved school purposes. An application for permission must be made to the high school principal. The application then must be approved by the school board. [For further information, see policies at FJ and GE.]

## ***GANG FREE ZONES***

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1000 feet of any district-owned or leased property or campus playground.

## ***GRADE CLASSIFICATION***

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
6.5	Grade 10 (Sophomore)
13	Grade 11 (Junior)
19.5	Grade 12 (Senior)

## ***GRADING GUIDELINES***

The semester exam will count one-seventh of the semester grade. The semester grade is found by adding the six weeks grades together, multiply by 2, add the semester grade and then divide by 7.

## ***GRADUATION***

### **Requirements for a Diploma**

To receive a high school diploma from the district, a student must successfully complete the required number of credits and pass a statewide exit-level exam.

The exit-level test, required for students in grade 11, covers English language arts, mathematics, science, and social studies and requires knowledge of Algebra I, Geometry, Biology, Integrated Chemistry and Physics, English III, and early American and United States History, World History, and World Geography. A student who does not pass the exit-level assessment will have additional opportunities to take the test.

## **Graduation Programs**

The district offers the graduation programs listed below. All students entering grade 9 are required to enroll in the Recommended High School Program or Distinguished Achievement (Advanced) Program. Permission to enroll in the Minimum Graduation Program will be granted only if written agreement is reached among the student, the student's parent or person standing in parental relation, and the counselor or appropriate administrator. In order for a student to take courses under the Minimum Program, the student must be at least 16 years of age; have completed at least two credits each in English language arts, math, science, and social studies courses that are required for graduation; or have failed grade 9 one or more times [See policy EIF(LEGAL).]

Students returning to high school who entered the ninth grade during the 2006–2007 school year must meet the following credit requirements for graduation:

- Minimum Program 24 credits
- Recommended Program 26 credits
- Distinguished Achievement (Advanced) Program 26 credits

Beginning with the 2007–2008 school year, a student entering the ninth grade will be affected by new state graduation requirements for the Recommended Program and the Distinguished Achievement (Advanced) Program. To graduate under either of these programs, an incoming ninth grade student will have to earn an additional credit in math and an additional credit in science. The credit requirements for the various programs for students entering the ninth grade during this school year are provided below:

- Minimum Program 24 credits
- Recommended Program 28 credits
- Distinguished Achievement (Advanced) Program 28 credits

## **Certificates of Coursework Completion**

A certificate of coursework completion will be issued to a senior student who successfully completes state and local credit requirements for graduation but fails to perform satisfactorily on the exit-level tests.

## **Students with Disabilities**

Upon the recommendation of the admission, review, and dismissal committee, a student with disabilities may be permitted to graduate under the provisions of his or her individualized education program (IEP).

## **Graduation Speakers**

Graduating students will be given an opportunity to provide opening and closing remarks during the graduation ceremony. Only the highest ranking students will be eligible to give these remarks.

Students eligible to give the opening and closing remarks will be notified by the principal and given an opportunity to volunteer. [See FNA(LOCAL)]

## **Graduation Expenses**

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year.

## **State Scholarships and Grants**

- Under the Texas Early High School Graduation Scholarship Program, students who complete the Recommended or Distinguished Achievement (Advanced) High School Program may earn financial credits in varying amounts to apply toward college tuition. The amounts depend on the number of consecutive months in which the student completed graduation requirements and the number of early college credits earned and may be used at public or private higher education institutions within the state. The counselor can provide additional information about meeting the program's eligibility requirements.
- Students who have a financial need according to federal criteria and who complete the Recommended High School Program or Distinguished Achievement Program (Advanced) may be eligible under the T.E.X.A.S. Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions. [For further information, see the principal or counselor and policy EJ(LEGAL).]

Residency: To be eligible for valedictorian or salutatorian honors, a student must have been continuously enrolled in the district high school for the three semesters preceding graduation and must have completed the Recommended Program or Distinguished Achievement Program for graduation.

## ***HEALTH-RELATED MATTERS***

### **School Health Advisory Council**

During the preceding school year, the district's School Health Advisory Council held four meetings. Additional information regarding the district's School Health Advisory Council is available from the school nurse. [See also policies at BDF and EHAA.]

### **Physical Fitness Assessment**

Annually, the district will conduct a physical fitness assessment of students in grades 3-12. At the end of the school year, a parent may submit a written request to the campus

principal to obtain the results of his or her child's physical fitness assessment conducted during the school year.

### **Vending Machines**

The district has adopted policies and implemented procedures to comply with state and federal food service guidelines for restricting student access to vending machines. For more information regarding these policies and guidelines see the high school principal. [See policies at CO and FFA.]

### **Other Health-Related Matters**

#### **Tobacco Prohibited**

The district and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property and at school-sponsored and school-related activities. [See the *Student Code of Conduct* and policies at FNCD and GKA.]

#### **Asbestos Management Plan**

The district's Asbestos Management Plan, designed to be in compliance with state and federal regulations, is available in the superintendent's office. If you have any questions, please contact Herb Youngblood.

#### **Pest Management Plan**

The district applies only pest control products that comply with state and federal guidelines. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child's school assignment area may contact the superintendent's office.

### ***HOMELESS STUDENTS***

For more information on services for homeless students, contact the district's Liaison for Homeless Children and Youths, Herb Youngblood, at 298-2563.

### ***IMMUNIZATION***

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services, Immunization Branch, can be honored by the district. The immunizations required are: diphtheria, rubeola (measles), rubella (German measles), mumps, tetanus, pertussis, poliomyelitis, hepatitis A, hepatitis B, varicella (chicken pox), and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the Department of State Health Services. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition. [For further information, see policy FFAB(LEGAL) and the Department of State Health Services Web site: <http://www.dshs.state.tx.us/immunize/school/default.shtm>.]

## **LAW ENFORCEMENT AGENCIES**

### **Questioning of Students**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

### **Students Taken Into Custody**

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not

have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

### **Notification of Law Violations**

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

[For further information, see policy GRA(LEGAL).]

### ***MAKEUP WORK***

#### **Routine and In-depth Makeup Work Assignments**

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. [For further information, see policy EIAB(LOCAL).] Reasonable time is considered to be two school days for each day missed. Students who miss school for extra curricular or school sponsored activities will be allowed one day to make up the class work missed for each day absent. To maintain eligibility for U.I.L. activities, all "incomplete" grades must be removed within one week following a six-weeks grading period.

A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

#### **DAEP or In-school Suspension Makeup Work**

A student removed to a Disciplinary Alternative Education Program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the coursework through an alternative method, including a correspondence course, distance learning, or summer

school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, distance learning, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FEA(LEGAL).]

Students and their parents are encouraged to discuss options with the teacher or counselor to ensure the student completes all work required for the course or grade level.

### ***MEDICINE AT SCHOOL***

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policies at FFAC, may administer:
  - Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
  - Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
  - Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
  - Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.
- In certain emergency situations, the district will maintain and administer to a student nonprescription medication, but only:
  - In accordance with the guidelines developed with the district's medical advisor; and
  - When the parent has previously provided written consent to emergency treatment on the district's form.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

### **Psychotropic Drugs**

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policies at FFAC.]

### ***PHYSICAL EXAMINATIONS / HEALTH SCREENINGS***

For information please contact the school nurse at 298-2563.

### ***PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE***

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

One minute of silence will follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. [See policy EC(LEGAL) for more information.]

### ***PRAYER***

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

## ***PREGNANCY RELATED SERVICES***

Students are eligible for home instruction after delivery for three calendar weeks. Instruction can be extended for up to six calendar weeks with written notification from the student's doctor.

## ***PROMOTION AND RETENTION***

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

In grades 9-12, promotion is based on credits earned for courses taken.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the Texas Assessment of Knowledge and Skills (TAKS), if the student is enrolled in a public Texas school on any day between January 1 and April 15 and is a Texas resident during the week that the TAKS is administered the first time.

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, counselor, or special education director.

A Personal Graduation Plan (PGP) will be prepared for any student in a middle school or beyond who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a guidance counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student's educational goals, address the parent's educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the counselor or principal and policy EIF(LEGAL).]

## ***PUBLIC DISPLAYS***

Public displays of affection will not be allowed.

## ***RELEASE OF STUDENTS FROM SCHOOL***

Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time.

A student who will need to leave school during the day must have a parent call the office that morning and follow the campus sign-out procedures before leaving the campus. Otherwise, a student will not be released from school at times other than at the end of the school day. Unless the principal or superintendent has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

If a student becomes ill during the school day, the student should receive permission from the teacher before reporting to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student's parent.

## **REPORT CARDS / PROGRESS REPORTS AND CONFERENCES**

Report cards with each student's grades or performance and absences in each class or subject are issued to parents at least once every 6 weeks.

At the end of the first three weeks of a grading period, parents will be given a written progress report if their child's performance is near or below 70, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject.

Teachers follow grading guidelines that have been approved by the principal pursuant to the board adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL).]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

## **SAFETY**

Student safety on campus and at school-related events is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this handbook and the *Student Code of Conduct*, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

## **Accident Insurance**

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

## **Drills: Fire, Tornado, and Other Emergencies**

From time to time, students, teachers, and other district employees will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

### **Fire Drill Bells**

3 bells	leave the building
1 bell	halt; stand at attention
2 bells	return to the classroom

### **Tornado Drill Bells**

6 bells	move quietly but quickly to the designated locations
2 bells	return to the classroom

## **Emergency Medical Treatment and Information**

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school would need to have written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

## **Emergency School-Closing Information**

School closing information can be found by tuning to the following TV/radio stations:

Radio:	KLLL 96.3	TV:	KAMC 28
	KZ102		KCBD 11
	KFMX 94.5		KLBK 13
			FOX 34

## ***SAT, ACT, AND OTHER STANDARDIZED TESTS***

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year. (Prior to enrollment in a Texas public college or university, most students must take a standardized test, such as the Texas Higher Education Assessment [THEA]).

## **SCHOOL FACILITIES**

### **Use By Students Before and After School**

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The following areas are open to students before school, beginning at 7:30 a.m.

- High school gym
- Front porch area of high school
- Back steps of student parking lot

Unless the teacher or sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, and unless involved in an activity under the supervision of a teacher, students must leave campus immediately.

### **Conduct Before and After School**

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the *Student Code of Conduct* or any stricter standards of behavior established by the sponsor for extracurricular participants.

### **Use of Hallways During Class Time**

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the *Student Code of Conduct*.

### **Cafeteria Services**

The district participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. Free and reduced-price lunches are available based on financial need. Information about a student's participation is confidential. See Kelly Carlisle to apply.

The district follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day. [For more information, see policy CO(LEGAL).]

### **Library**

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure.

The library is open for independent student use during the following times with a teacher permit:

- 7:45 am – 4:00 pm, Monday - Friday

### **Meetings of Noncurriculum-Related Groups**

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

### **SEARCHES**

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

### **Students' Desks and Lockers**

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

### **Vehicles on Campus**

Vehicles parked on school property are under the jurisdiction of the school. School officials may search any vehicle any time there is reasonable cause to do so, with or without the permission of the student. A student has full responsibility for the security and content of his or her vehicle and must make certain that it is locked and that the keys are not given to others. [See also the *Student Code of Conduct*.]

### **Trained Dogs**

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

## ***SPECIAL PROGRAMS***

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency, dyslexic students, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact Gary Pugh, High School Principal.

## ***STEROIDS***

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Students participating in UIL athletic competition may be subject to random steroid testing. More information on the UIL testing program may be found on the UIL Web site at: [http://www.uil.utexas.edu/athletics/health/steroid/\\_information.html](http://www.uil.utexas.edu/athletics/health/steroid/_information.html).

## ***STUDENT SPEAKERS***

The district provides students the opportunity to introduce school events.

As determined by the principal, students who have been selected for special honors, such as captain of an athletic team, student council officers, leaders of school-sponsored organizations, homecoming king and queen, or prom king and queen may also address school audiences at designated events.

[See FNA(LOCAL)]

## ***SUMMER SCHOOL***

Summer school is offered during the month of June to those students in need of credit recovery. A parent of student with questions about summer school should contact the high school counselor.

## ***TAKS (TEXAS ASSESSMENT OF KNOWLEDGE AND SKILLS)***

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated tests (such as TAKS: the Texas Assessment of Knowledge and Skills) in the following subjects:

- Mathematics, annually in grades 3–11
- Reading, annually in grades 3–9
- Writing, including spelling and grammar, in grades 4 and 7

- English language arts in grades 10 and 11
- Social studies in grades 8, 10, and 11
- Science in grades 5, 8, 10, and 11
- Any other subject and grade required by federal law

[See policy EKB(LEGAL).]

## **TARDINESS**

A student who is tardy to class for a second time during a six weeks will be assigned to detention hall. Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the *Student Code of Conduct*.

Students who are tardy first and sixth period will report to the office before reporting to class. Students tardy for periods 2-5 and 7-8 will report directly to their class and the receiving teacher will classify the tardy as excused or unexcused.

## **TEXTBOOKS, ELECTRONIC TEXTBOOKS, AND TECHNOLOGICAL EQUIPMENT**

State-approved textbooks are provided to students free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item issued by the school loses the right to free textbooks and technological equipment until the item is returned or paid for by the parent; however, the student will be provided textbooks and equipment for use at school during the school day.

## **TRANSPORTATION**

### **School-Sponsored Trips**

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent makes a written request that the student be released to the parent or to another adult designated by the parent.

### **Buses and Other School Vehicles**

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school. Further information may be obtained by calling the superintendent's office at 298-2563.

See the *Student Code of Conduct* for provisions regarding transportation to the Disciplinary Alternative Education Program (DAEP).

Students are expected to assist district staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in district vehicles,

students are held to behavioral standards established in this handbook and the *Student Code of Conduct*. Students must:

- Follow the driver's directions at all times.
- Enter and leave the bus or van in an orderly manner at the designated stop nearest home.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the bus, van, or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus or van.
- Not possess or use any form of tobacco on school buses.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Wait for the driver's signal upon leaving the bus or van and before crossing in front of the vehicle.

When students ride in a district van or passenger car, seat belts must be fastened at all times.

Misconduct will be punished in accordance with the *Student Code of Conduct*; bus-riding privileges may be suspended.

## **TUTORIALS**

Mandatory tutorials will be offered each day from 3:35 – 4:00 pm. Any student that is failing or having problems with any academic classes will attend tutorials, although any student may attend for the purpose of receiving additional help.

## **VANDALISM**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the *Student Code of Conduct*.

## **VIDEO CAMERAS**

For safety purposes, video/audio equipment may be used to monitor student behavior on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video/audio recordings routinely and document student misconduct. Discipline will be in accordance with the *Student Code of Conduct*.

## ***VISITORS TO THE SCHOOL***

### **General Visitors**

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the principal's office.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

### **Visitors Participating in Special Programs for Students**

On High School College Day, the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

## ***WITHDRAWING FROM SCHOOL***

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature.

## ***WORK PROGRAM***

Students requesting a work permit may do so only at the beginning of each semester. Eligibility will be determined by the counselor and/or the principal based on the credits earned. Students participating in after school programs are not eligible for the work program.

## GLOSSARY

**Accelerated instruction** is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level.

**ACT** refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

**Alternative assessment instrument**, developed by the state, may be given to students in special education and students identified as limited English proficient.

**ARD** is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student's parents are part of the committee.

**Attendance Review Committee** is responsible for reviewing a student's absences when the student's attendance drops below 90 percent of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit lost because of absences.

**DAEP** stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the *Student Code of Conduct*. Students in the DAEP will be separated from students not assigned to the program. The DAEP will focus instruction on English language arts, mathematics, science, history, and self-discipline, and provide for students' educational and behavior needs, as well as supervision and counseling.

**FERPA** refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 or older directs the school not to release directory information.

**IEP** is the written record of the Individualized Education Program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; modifications to state or districtwide tests, etc.

**ISS** refers to in-school suspension, a disciplinary technique for misconduct found in the *Student Code of Conduct*. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

**NCLB Act** is the federal No Child Left Behind Act of 2001.

**Personal Graduation Plan (PGP)** is required by state law for any student in middle school or higher who fails a section on a state-mandated test or is identified by the district

as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

**SAT** refers to one of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

**Section 504** is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined by an ARD committee to be eligible for special education services, appropriate regular educational services will be provided.

**State-mandated tests** are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the grade 11 exit-level test is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.

**Student Code of Conduct** is developed with the advice of the district-level committee and adopted by the board; identifies the circumstances, consistent with law, when a student may be removed from the classroom or campus. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion, and states whether self-defense is a consideration in suspension, DAEP placement, or expulsion. The *Student Code of Conduct* also addresses notice to the parent regarding a student's violation of one of its provisions.

**TAKS** is short for the Texas Assessment of Knowledge and Skills, the state's standardized achievement test currently given to students in certain subjects in grades 3–11.

**UIL** refers to the University Interscholastic League, the statewide voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.
